

**Offer a GIFT to an African NGO,  
a hospital or a community clinic!**

A good way to raise public awareness about FGM, especially among rural villagers in Africa.

Our "model against FGM" package contains:

- A "body" piece (full-scale).
- 10 removable pieces that illustrate FGM-types I, II, III and IV, the health complications caused by FGM (cysts, keloids) and the negative impact FGM have upon giving birth.
- A detailed explanation about every piece, in English and French, on a laminated long-lasting format.
- A bag for easily transporting the model.

Cost of the package: **200 CHF**

(in other currencies, according the exchange rate of the day)

+ shipping or postage
